The diagram illustrates the same sign-up form using semantic boxes and labels to identify different parts of the UI. It includes a 'safe area <main>' box, a 'container <div>' box, and a '<form>' box. The form itself is divided into sections: a title section (pink), input sections (magenta), and a button section (orange). The 'SIGN UP' title is in the pink section, followed by descriptive text. The input fields (name, email, password) are grouped in the magenta section. The 'REGISTER' button is in the orange section. A note at the bottom is also part of the magenta section.

The screenshot shows a wine bottle on the left with its label clearly visible. To the right of the bottle, there is a circular icon with a magnifying glass and another with a person profile. Below the bottle, the wine's details are listed: **France**, **DOMAINES DES CLOSIERS LES COUDRAIES SAUMUR-CHAMPIGNY 2020**. Below this, it says **Red Wine | 750 mL**, **Cabernet franc 100%**, and **Alcohol: 13%**. A pink horizontal bar is positioned under the alcohol percentage. Below these details, the **SAQ PRICE** is listed as **53.75 CAD**. At the bottom, there is a red button with the text **IN MY CELLAR** and **Fancy Wines**, accompanied by an eye icon. Below this button are three circular icons with arrows pointing left, right, and up. At the very bottom, the text **You might also like ...** is followed by three smaller wine bottles.

This screenshot shows the same wine listing as the first one, but with additional interaction elements. On the right side, there are two circular icons: one with a minus sign and one with a plus sign. Below the wine details, the text **You might also like ...** is displayed, followed by three smaller wine bottles. The labels on these smaller bottles are partially visible: **Clos de l'Écotard Les Pentes Saumur**, **Clos de l'Écotard Les Pentes Saumur**, and **Clos de l'Écotard Les Pentes Saumur**.
